

Rekry & Tili Oy

Rekry & Tili Oy offers reliable, customer-oriented, flexible and personal service for the company's needs.

Accounting:

We always choose the best solutions for managing the company's finances. Monthly accounting, calculating value added taxes and preparing financial statements and tax returns are necessary measures for every entrepreneur.

Our services include:

- Establishment and closure of companies
- Accounting, VAT calculation
- Financial statements, tax returns
- Payroll, invoicing
- Legal services
- Consulting related to taxation and accounting
- Business and information work development services

Recruitment:

Our service is completely free for the employer! **We do not charge a commission!** Rekry & Tili Oy's goal is to create a future where employees and employers meet each other. We bring forward new perspectives to the challenges of the changing labor market without prejudice. Our network is extensive, we cooperate with several different countries and are able to produce employees for many different industries. In addition, if necessary, we provide Finnish language education to the selected level. When your company needs new staff, we can help and find competent employees for you. We cooperate with embassies, the employment office and Migri.

Why choose us?

- We do accounting, recruitment and training with professionalism

- We help companies grow by producing employees suitable for different roles and versatile accounting
- With our help, you save time and can focus on productive work
- We help with the start-up of new projects and the implementation of existing projects
- We offer employee relocation services

When you want to enjoy entrepreneurship without challenges, contact us and make a good decision. We are here for you!
